*Astrological compatibility consideration is not only a mere ancestral practice but is a way to get the knowledge regarding the nature, features, love and the social communication features of the people. Unless and until a compatibility is found between the two persons they can't hold a life-long relationship happily. Since it is a very difficult task to get the accurate knowledge of the person's nature etc. before a marriage (or a long-term relationship), the proven science of Astrology can definitely help the two lives a great deal.*

#### Match Chart Consideration

The score of compatibility points is above-average. This is indicative of over-all favourable results in respect of matters pertaining to married life in general, and good harmony in married life is assured. Marriage between the prospective pair is recommended. Normally a match with 18 or more points is considered good.

#### Manglik Consideration

The boy and the girl are not Manglik, hence there's no problem in match from the point of view of Manglik Dosha.
